British Columbians Excited Over the Seizure

Of One of Their Sealing Vessels by the Russian Warship.

A Meeting Hurdledly Called and the Case Discussed by the British Columbia Sealers' Association—A Request to be Sent for a British Warship.

VICTORIA, B. C., Sept. 2.—When the complete story of an American and three Canadian schooners being seized off the Russian coast was read Wednesday, the excitement throughout the city became intense. A meeting of the British Columbia Sealers' association was hurriedly called, and the case was discussed in all its phases.

The meeting was held with closed doors, and the only fact reported was that the sealers for the association had been instructed to prepare a full statement of the details of the case to be telegraphed to Sir John Abbott, premier of the Dominion of Canada. Theodore Davis, provincial premier, also took the matter up and has had affidavits embodying the main facts prepared for the use of the department at Ottawa.

The British Columbia board of trade also prepared a memorial on the subject, which was forwarded by wire to Ottawa. According to the records of the sealing association, there are yet 23 sealing schooners out, all having had instructions after getting the coast catch to go over on the Russian and Japan coast.

Certain it is that of these some will be seized, and if the same course of action is taken the others may be left to perish on the barren shores of Bering while the valuable schooners will undoubtedly meet the same fate as those already seized and destroyed.

The loss shown eventually will be enormous, each of the schooners being valued at between \$5,000 and \$20,000. The worst of all is that the sealers have no means of warning their schooners. A request has been sent to Admiral Hotham to send a warship to the Russian coast to protect the British interest.

Lumber Schooner Bottom Up.

MANISTEE, Mich., Sept. 2.—The schooner City of Toledo left this port Tuesday loaded with lumber and bound for Michigan City, Ind. A heavy wind was blowing at the time, which soon became a gale. The vessel was seen laboring badly in the heavy sea, and finally hoisted a flag of distress, but before assistance could be rendered the vessel put about for the north, apparently making for the Manitowish. Early Wednesday morning the report reached this city that the vessel had been found bottom up, one-half mile from the beach at Hopkins pier, near Pierport. It is believed that all on board were drowned.

Master's Predictions.

NEW ORLEANS, Sept. 2.—Bat Masterson, King bee of the Denver posts, said in an interview that Corbett would win from Sullivan quicker than the latter could wink his eye. Dixon will win in a walk. Of the Myer-McAuliffe fight it is a toss-up as to the winner. Mr. Masterson has been to see Skelly, and says he has many weak points. In a set-to with Hogan that the Denver man saw, he said Skelly left his side unguarded in such a manner that if he does it in the fight with Dixon he will put him out in short time. He thinks Corbett the master of Sullivan by reason of his youth, science and endurance.

Wholesale Discharge of Conductors.

KANSAS CITY, Mo., Sept. 2.—It is stated that a wholesale discharge of passenger train conductors on the Santa Fe and other railroads was begun Thursday and will continue until every one of the old men have been dismissed. The reasons for dismissal are not clearly stated, but it is believed to be the result of an investigation set on foot a few weeks ago, in which it developed that the conductors were carrying passengers for less than the regular fare and pocketing the amount charged.

Can't Proceed to Hamburg.

LONDON, Sept. 2.—The Hamburg-American line steamer Puert Bismarck, Capt. Albers, from New York, August 23, arrived at Southampton Thursday morning. Under the new regulations of the Hamburg-American Packet Co., the Puert Bismarck will not proceed to Hamburg. Her passengers will be landed and her cargo discharged at Southampton.

Death of Jean Roemer.

NEW YORK, Sept. 2.—Prof. Jean Roemer, author, soldier and scholar, vice president of the College of the City of New York, half brother of the late William II, king of Holland, and at one time talked of as successor to the throne, was found dead in his room at the Curtis house, Lenox, Mass. He was 88 years old. Heart disease was the cause of death.

Cholera at Liverpool.

LIVERPOOL, Sept. 2.—The physicians who have been watching the cases of the four Russian emigrants who were attacked Wednesday with a suspicious sickness, while waiting to go on board a steamer for the United States, have officially declared that the disease from which they are suffering is true Asiatic cholera.

Quarantine to Be Declared.

WASHINGTON, Sept. 2.—It has been determined to proclaim 30 days' quarantine on all vessels sailing after Thursday from any European port for the United States, and carrying immigrants. The quarantine will not apply to vessels already afloat, nor to any vessel not carrying immigrants.

A Deadly Duel.

ATLANTA, Ga., Sept. 2.—William W. Springer and Bob Wright, of Gainesville, engaged in a duel. Springer was killed and Wright dangerously wounded. Domestic trouble in the Springer family, involving Wright, caused the encounter.

SECRETARY FOSTER

On the Cholera Situation—Requests for an Extra Session of Congress.

WASHINGTON, Sept. 2.—Speaking of the president's return, Secretary Foster, of the treasury department, said: "We have been in receipt of many anxious telegrams from various state boards of health, and in some cases the request for an extra session of congress has been made. So far as I am concerned I do not see what good could come of such a step. Congress could not be convened without thirty days' notice, and in that time the disease might have had time to have spread over the whole country, but I am not at all alarmed. We have, in the present quarantine law and immigration laws all the power that is needed in the case. We can hold immigrants until it is certain that all danger of contagion is over, and, if necessary, we can send them back. The only further action that congress could take in the matter would be the prohibition of immigration, and that would be of no effect without the total crippling of commerce, for the infection is as likely to arise through the crews of merchant vessels as in any other way."

ABOUT MARS.

Prof. Pickering Sends an Account of His Observations From Arequipa.

NEW YORK, Sept. 2.—Prof. Pickering, of Harvard, who has been making observations of Mars at Arequipa, Peru, cables the Herald as follows: "Mars has two mountain ranges near the south pole. Melted snow has collected between them before flowing northward. In the equatorial mountain range, to the north of the gray regions, snow fell on two summits on August 5 and melted on August 7. I have seen 11 lakes near Solis Locus, varying in area from 80 to 100 miles to 40 by 40 miles. Branching dark lines connect them with two large, dark areas like seas, but not blue. There has been much trouble since the snow melted in the aren clouds. These clouds are not white, but yellowish, and partly transparent. They now seem to be breaking up, but they hang densely on the south side of the mountain range. The northern green spot has been photographed. Many of Schiaparelli's canals have been seen single."

GONE INTO EFFECT.

Canadians Have Made No Preparations to Nullify Retaliation.

MONTREAL, Que., Sept. 2.—President Harrison's retaliation proclamation went into effect Thursday, and the trade here are anxious on account of the government having made no preparation to nullify its effect. It was semi-officially posted that tolls imposed by the United States would be repaid to Canadian vesselmen by the dominion government, but no money has yet been voted for this purpose. There is a prospect of the detention of a number of ocean steamers at this point by reason of not receiving their grain, as the tolls not being refunded this grain will go to Ogdensburg in American bottoms. If enough grain can not be procured in time the ocean steamers will have to go without their full freight.

Republicans in Uniform.

COLUMBUS, O., Sept. 2.—The executive committee of the Ohio republican league held a well attended meeting here Thursday morning and received reports from the committeemen of a number of counties. The most important question directly affecting the league organization was that of establishing a uniform rank. The proposition was acted upon favorably, and a committee consisting of Harry C. Critchfield, Knox county; W. M. C. Clemmons, of Morrow; Chas. Stewart, of Clark; T. E. Peterson, Tuscarawas, and W. Z. McDonald, of Summit, was appointed to perfect the plans for uniforming the clubs. It is the intention to have as many clubs as possible equipped for the opening of the campaign.

Murdered Her Step-Child.

MILLADORE, Wis., Sept. 2.—The body of Mary Valichka, the 7-year-old girl who mysteriously disappeared a week ago last Sunday, was found Wednesday buried in the woods, where it had been placed by her step-mother, who confesses to having murdered the girl. She says that the little girl was cross, and in a fit of anger she struck the child over the head with a club, killing it instantly. Mrs. Valichka will be placed in jail. She is but 21 years old.

A Hired Man's Bloody Work.

STUEBENVILLE, O., Sept. 2.—A bloody murder took place in Cross Creek township, this county, three miles west of this city. George Skinner, a hired man, shot and instantly killed his employer, George Leatner, and fatally wounded Leatner's wife and her mother, and then blew out his own brains. Leatner was a wealthy and well known farmer, and the killing was the result of a quarrel with Skinner, which resulted in his discharge by Leatner.

Five Men Missing.

BAYFIELD, Wis., Sept. 2.—A party of five men working in a quarry on Wilson's island left Bayfield in a small boat, Tuesday night, during a severe storm. It is supposed they were drowned. Their names are Fred Conlee, Fred Masher, Ira Richardson, Charles Thorne and an unknown man. It is said that some of them were intoxicated. They have not been heard from since leaving here. A party of men is now in search for the boat.

Boston's Regulations.

BOSTON, Sept. 2.—Vessels hereafter may bring immigrants to this port from no European ports whatever without the newcomers being subject to the cleansing and fumigating process heretofore required by the board of health only when vessels have come from districts known to be infected. This new order is due to the report that cholera has appeared in London.

No More Immigrants.

NEW YORK, Sept. 2.—The agents of the Hamburg-American Packet Co., to which line the plague ship Moravia belongs, have now decided to abandon its immigrant service entirely. The last steamer carrying immigrants left Hamburg Wednesday. It was the Bohemia, which carried 98 cabin and 400 steerage passengers.

It is understood that President Harrison's letter of acceptance will be made public on Monday morning next. Mr. Whitelaw Reid will follow about September 15. Mr. Cleveland has not yet indicated when his letter of acceptance will be given out, but it is expected to be made public not later than September 20.

At Indianapolis, Ind., Mrs. Minnie Minor, the silk and satin draped procress ordered to the work-house for thirty days, secured a rehearing Thursday, and on trial she was fined \$100 and costs and was sentenced to ninety days' imprisonment. Thereupon she appealed to the criminal court. This is the woman charged by the police with making the ruin of young girls a specialty.

John Kolesar, a murderer awaiting trial, committed suicide in jail at Cleveland, O., by hanging. On November 16 he shot and killed his wife, in her room, at 37 Cross street. Mrs. Kolesar had been living in the city for eighteen months, with her husband, Paul Weber. She deserted her husband in Denver and fled to Cleveland. Kolesar followed and killed her.
